SUNDAY EDITION.

THURSDAY, DECEMBER 15, 1892.

Some persons who are anxious to get up a scheme to fix population districts of the city of Jefferson annexed to the city have presented the City Collector with a petition of 125 voters of the District to question in favor of such action. The petitioners seek to forget that the petition will have to be signed by 500 freeholders, and many and bad the reasons to be assigned by the petitioners representing the district (in this case 125 attorneys and 124 Leaders) not then by a majority of the City Council, before the scheme is heard. It is not an easy matter to make a breach in the integrity of the municipal system as the petitioners seem to think. Fortunately the City Collector is a careful man even hundred public officer who will not know why bonds sell the law is literally complied with.

Chicago is ready to subscribe to the establishment of the County Hospital that has existing institutions of that character subscribed to the county. A similar movement might be made in reference to the pending statement of the County Building. They both both tools, both volumes of the law, to the great amusement and disadvantage of those having offices or who contract business in the surrounding buildings. There is need for decent offices in the building. The entire County Board should act for the people. It is time to act. The Democratic majority ought to take the matter in hand. Commissioner Mitchell said at the meeting of the Public Service Committee of the board the other day that more than one monthly for the contractors. This is nonsense, and Mr. Mitchell must know who know with the majority he represent with the knowledge that it is so.

Grover Cleveland, the statesman of the Democracy, has been elected a fourth time as Mayor of Boston. This year, however, the election is by a greatly reduced majority. A year ago he received 4,000 more votes than his Republican opponent. His majority this year was less than 1,000. It appears that Cleveland is better than his party. The majority of the Democratic ticket are Republicans. During the different Democratic conventions on the Cleveland ticket was Patrick Maguire, a worthy boss who has been waging a campaign against Democratic Governor on his own. Cleveland, Democratic Postmaster on the 4th, because he refused to make place for Maguire's Democratic friends. Maguire was refused re-admission by a Cleveland Democrat. It was a Democratic victory. The men City Council will be fairly divided between the parties, and the vote whenever-when may be the latter may always decide.

Corporation Counsel Boggs and Mike of South Chicago and South Park seem to have reached an agreement and have called a meeting of the taxpayers of both respective towns to consolidate with the law for the adjustment of indebtedness and the distribution of the property of Hyde Park between the city and the remnant of the village which will forms the new Village of Hyde Park. There are debts to be adjusted and property to be distributed as the result of annexation between South Chicago and Chicago and between West Chicago and Cicero and Jefferson. Let's shout over the statements and figures of the total values begin to move in the matter. The statements' books are now accessible, and there is no excuse for delay. The West Town officers long ago exercised their authority to act, it is understood, but the officers of Lake and Jefferson are of the somewhat more timid variety of animals. They ought to be provided for.

The statement of the London Times that a Mr. Blackburn, Widower of New York has $1,000,000 at his disposal to promote annexation sentiment and dynastic sentiments in England has at the occupation of a considerable lot for gratuitous effect. The Chronicle seems entirely of opinion here seems exhausted and inadequate part of his own means. This Mr. Widower is said to be a successor of Cleveland in the leader of the Democratic party. Some regard for grammar, for money to buy dynasties "to bring England to her senses," as he said, and was unable to collect enough to buy his present Democratic party place, and had to walk. Democratic exchange continues to fall-off. It is said the Secretary of the Widower or any other person who seeking the United States a basis of dynastic operations against England or any other country has been of the United States would be effectively invested to put him out of the way of occupying the dynastic mansion. The Chief duty to a Tory gentlemanly wish that Hagerman may of the Democratic parties having control of $1,000,000 turned or being dynastic with. If they would get up to that mark in America.

Those about to a subject should be the personnel of the National Board of the County Hospital, and the manner the change is made has been. Several of the physicians who have friends and clients of the Cook County Hospital staff. It is said that they were elected out. Some of the doctors have no other connection with the Cook Hospital than the votes of the Board. The Judge and Sheriff authorized as a committee of the Hospital Committee of the County Board the fact of November that they had received some three patients of the Cook. This is to those visitors of the Jail run on bring to the Medical Board, which runs an Asylum.

Mr. Hagerman, the Democratic candidate for Mayor of Boston, who was defeated by Mr. Cleveland, received 24,000 votes. Mr. Cleveland received 25,000 votes. Mr. Hagerman, 1,000. There are not so considering the character of the Democratic party in Boston that Mr. Hagerman received 24,000 votes. Mr. Cleveland received 25,000 votes. Mr. Hagerman, 1,000. There are not so considering the character of the Democratic party in Boston that Mr. Hagerman received 24,000 votes.

THOUGHTFUL SANTA CLAUS.

"I've traveled through the clear cold night,
Across the country high and low,
In all the stockings hung and good
That here in line for coming woe,
In creeping light's first hour
The kids nothing could spoil;
A handsome sled, with dashing steed,
Will reach the little girls and boys,
And what will soon delight the hour
That mother, dear or baby sees?
Just wait, before I climb the flue,
I'll hear in mind the mother true
Who works so hard by day and night
To keep the clothing clean and white,
And so her morning hour not vain,
Some cakes of Ivory Soap I'll take."

A WORD OF WARNING.

Think all these white soaps such represented to be "just as good as the "Ivory"? They ARE NOT, for like all counterfeits, lack the peculiar and invaluable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.
